Congressman Sam Graves  
1135 Longworth HOB  
Washington, DC 20515

Dear Congressman Graves,

I am writing to express our support for the Appropriations Community Project funding request for the City of Brookfield's Water Distribution/Sewer Project.

This project is a high priority need for the City of Brookfield. The city and its residents would greatly benefit from the financial assistance needed to improve the sewer collection system. These improvements are needed to help with inflow and infiltration that is damaging the sewer system. Please consider appropriating the estimated cost of \$750,000 for the Sanitary Sewer Collection System Improvements.

Sincerely,

Corinne Watts  
Executive Director
