The Honorable Peter DeFazio
Chair
House Committee on Transportation and Infrastructure
2134 Rayburn House Office Building
Washington, DC 20515

Dear Chair DeFazio:

I am requesting funding for the Smithville Sewer Project in the Water Resources Development Act of 2022.

The project sponsor for this project is the City of Smithville, Missouri located at 107 W. Main St Smithville, MO 64089 (Clay County). The project is located in Missouri’s 6th Congressional District. The purpose of this project is to expand the City of Smithville’s existing sewer system to accommodate future growth.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: improve health and safety in the local community, reduce public health and environmental issues, and allow future growth of the community, which is limited by the existing sanitary sewer system.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

[Signature]

Sam Graves
Member of Congress
