May 16, 2022

The Honorable Peter DeFazio  
Chair  
House Committee on Transportation and Infrastructure  
2134 Rayburn House Office Building  
Washington, DC 20515

Dear Chair DeFazio:

I am requesting funding for the St. Joseph Sewer Project in the Water Resources Development Act of 2022.

The project sponsor for this project is the City of St. Joseph, Missouri located at 1100 Frederick Avenue St. Joseph, MO 64501 (Buchanan and Platte Counties). The project is located in Missouri’s 6th Congressional District. The purpose of this project is to rehabilitate the City of St. Joseph’s municipal sewer system to extend the life of the 100-year-old system.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: improve health and safety in the local community, reduce public health and environmental issues, and prevent catastrophic mainline sewer collapses.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Sam Graves  
Member of Congress  

Date Signed: May 16, 2022
