The Honorable Rosa DeLauro

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Northern Missouri project in fiscal year 2024. The entity to receive funding for this project is the Corps of Engineers Rock Island District, and the Corps of Engineers, Kansas City District, located at 1500 Rock Island Dr, Rock Island, IL 61201 and 601 E 12th St, Kansas City, MO 64106, respectively.

The funding would be used to design and construct water-related environmental infrastructure and resource protection and development projects in northern Missouri, including projects for wastewater treatment and related facilities, water supply and related facilities, and surface water resource development. This project is a valuable use of taxpayer funds because it will improve wastewater treatment, reduce infiltration into municipal sewer systems, improve stormwater management, and increase flood risk resiliency.

The project has a Federal nexus because the funding provided is for purposes authorized by section 8353 of Public Law 117-263.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sam Graves
Member of Congress
